

NOVUS No. 1

INSTRUCTIONS

Instruction on how to use NOVUS: 1 Clean and Shine:

1. If the surface is extremely dirty, apply NOVUS No. 1 liberally and wipe using long, sweeping strokes. Do not use pressure at this time or large dirt particles may scratch the plastic.
2. Re-apply NOVUS No. 1. Polish using short, circular strokes with a clean portion of the cloth.
3. When surface is thoroughly clean and uniformly covered, buff to a slippery glaze with a clean portion of the cloth. Surfaces buffed to a high glaze are more resistant to dust and future scratching.
4. Reapply NOVUS No. 1 regularly to maintain the antistatic, smudge and scratch resistant properties.
